Harvest Date: October 5-10, 2007 (Three vineyards)

Brix: 25

Ph: 3.68

% Alcohol: 14.5%

Production: 350 case

Its been said that good things come in threes so we've felt pretty good about our Cabernet Sauvignon program for years now. Since 2005 we've been blending three amazing appellations to craft our Cabernet (Oakville, Mt. Veeder & Pritchard Hill). On their own they'd all produce a stellar wine. When using all three, watch out.

As many of you have already seen in the 2007 Six Degrees, Mother Nature cooperated in a big way, making 2007, at least in our vineyards, one of complete harmony. Smooth textures, wonderful fruit, soft tannins and a lengthy finish are all present in this wine, interacting with each other and creating the balance I strive for with each vintage.

This 100% Cabernet Sauvignon waited a little longer to find its way to you. We hope you enjoy it all the more now that it has arrived.
